## THE EMPEROR'S MALADY.

LOCKJAW SETS IN AND THE WORST LOOKED FOR.

The Lack of Leaders All That Prevents a Socialistic Outbreak in London—Thousands Starving—Russia's Plan to Disorganize Roumania—Foreign Notes.

POTSDAM, June 15.—The emperor's condition is reported as critical. The worst is feared. A bulletin issued at 10 o'clock states that Emperor Frederick is much worse, and that his strength is sinking.

The emperor is suffering with strong fever and his breathing has become laborious.

The crown prince and princess and Prince Henry arrived at Castle Friedrichskron at noon to-day. Empress Victoria has watched by the bedside of the emperor since 4 o'clock this morning. All the members of the imperial family have been summoned to Potsdam. The pulmonary affection which the physicians feared on Tuesday last would attack the emperor supervened last evening.

The Opinion of Medical Experts.

New York, June 15.—A Berlin special to the World, dated Wednesday night, says: Dispatches received here direct from Potsdam up to this hour report that nourishment was repeatedly administered to the emperor this morning, both by means of enemata and by a tube contrived by Dr. Mackenzie. There is a steady decline in vital force which the artificial supply of food is unable to arrest. The temporary rallies of the patient are brief and delusive and leave him in a worse condition than before.

Medical experts are now inclined to the opinion that the emperor will gradually die of exhaustion. The empress is constant in her attendance at the bedside of her husband.

Sir E. B. Matel, British ambassador, and Dr. Friedburg, Prussian minister of justice, have arrived at Friedrichskron. Other ministers and members of royalty are hurrying thither.

Seized With Lockjaw.

LONDON, June 15.—A dispatch dated Berlin and time 1:52 p. m., has been received by the telegraph company saying that the emperor has been seized with lockjaw, and that photographers have already made preparations to take views of the deathbed scene.

At 4:30 p. m. the worst symptoms set in in the case of the emperor. His strength is visibly waning and he shows less interest than heretofore in what is going on about him.

The North German Gazette referring to the critical condition of the emperor, says: "We must expect an imminent catastrophe."

Much Worse.

LONDON, June 15.—In the house of commons this afternoon Mr. William H. Smith, government leader, stated that the foreign office had received a dispatch from Berlin, timed 3 p. m., which announced that Emperor Frederick was very much worse and that no hope was entertained for his recovery. It also stated that inflammation of the lungs had set in, that the royal patient's intellect was perfectly clear and that he was suffering no pain. Mr. Smith said that it was with the utmost regret that he communicated this news to parliament.

The queen has received an official telegram from Berlin saying that Emperor Frederick is in extremes and that his death may occur at any moment.

The Prince of Wales has been informed of the condition of the emperor, and is prepared to break up the Ascot race party whenever the announcement of the emperor's death is received. Continental telegraph lines are much blocked by the interchange of messages between members of the royal families at the different capitals.

The Socialists of London.

LONDON, June 15.—That there have not been Socialistic outbreaks in London before now is owing, so far as can be judged, to the lack of leaders who can rouse the starving thousands to the necessary pitch of desperation. Of the many furious orators who harangue the crowds in Hyde park on Sundays, the best speakers are Germans; but however fiery their words, and however completely their audiences may agree with their diatribes, the English mind does not take kindly to their accent, and the idea of being led by a foreigner is repugnant to every insular heart.

Manufacturers are anxiously looking for signs of improvement of trade, and many of them have a hope that when the United States have passed through the throes of election exports in that direction may increase.

The warm weather brings into fuller view the misery of the homeless thousands who crowd the squares, contrasting with the luxury around them. What becomes of them in winter is a problem that only the police can solve.

Politicians and political economists have failed to present any acceptable remedy for the relief of the starving myriads of the metropolis.

Lord Salisbury in his speech at the Mansion house, accused the steam engine and improved machinery of taking the bread out of the mouths of those who could never rise above the level of unskilled laborers, but it does not seem that this could be prevented. He suggests technical schools to educate the young to handicrafts, but shoals of skilled workmen may be found among the vagrants who haunt Trafalgar square by night, and all assert that the trades are overcrowded and that none but the most expert, or those having influence, stand a chance for employment.

Statisticians may say that there is no such thing as over-population and that with the ever increasing wants of humanity new avenues of industry are opening capable of absorbing the growing number of inhabitants, but the poor will never be convinced of the truth of such an assertion. Of the remedies proposed, everything considered, emigration is the best. Its long odds that the expatriated superfluous will never return, but the trouble is that the colonies do not want the material which the home country is desirous of getting rid of.

Australia, New Zealand and Canada consider that they have poor enough of their own, and resolutely refuse to accept the refuse of the London slums. It is now proposed to utilize the latest British acquisition.

millions of capital and territories, stretching from Zanzibar to Abyssinia, and for an indefinite length to the westward, it is now understood will offer its unlimited area as a dumping ground for the London poor. There is no one to object to their coming, but whether they can display energies in another country, the want of which has brought them to pauperism in their own, may be doubted.

Canning Russia.

BUCHAREST, June 15.—The fear of invasion by Russia this year in furtherance of her schemes in the Balkans has quieted down, and instead Roumania is threatened with an invasion of Russian manufactures. In which of the many unoccupied spaces covered with accacia and poplar trees just now rich in verdure, which spread out this "city of joy" in magnificent proportions in its great steaming hollow on the banks of the Dimbovitza, the exposition will be held, is not yet determined. But Russia is about to show off her manufactures to the Roumanians without even saying, if you please to his Majesty King Charles, or his premier, M. Rosetti, whom dissatisfaction with the trade relations with Austria, in some measure, served to bring into power over M. Bratianu.

Roumania's trade with Russia is considerable. She inaugurated, years ago, a protective policy against all nations not excepted by treaty. Russia is so excepted, while Austria can arrange no commercial treaty satisfactory to herself and Roumania. Russia sees her opportunity, and will give 170,000 roubles annually to shake hands with Roumania commercially. The want of railroad facilities and magnificent distances interpose difficulties in the way of trade between Russia and Roumania. But that makes no difference. M. Hitrov, the intriguing Russian resident minister here is managing it, and its purpose is to increase Russian influence, as against Austria, and counteract the political influence of the latter.

Virtually, Roumania is now politically allied, though not by treaty, with Austria for defense against Russia. The latter would have her for an ally before moving upon Bulgaria. Hence we will have a Russian exposition in the capital, by which Russia says to the Roumanians, "Your king counts Austria, but it is Russia who is your friend." The effect of the exposition will be disconcerting and possibly the beginning of the de-thronement of King Carl.

Parnell Gives a Banquet.

LONDON, June 15.—Mr. Parnell tendered a banquet Wednesday evening to a large number of his parliamentary followers, the principal guests being those who had recently suffered imprisonment to Irish jails for alleged infractions of the coercion law. The only absentee of prominence was Mr. William O'Brien. Mr. Parnell proposed the health of his guests, who, with their parliamentary associates, he said, had broken the back of the coercion act. Irishmen, he asserted, had not shrunk from the horrors of coercion in the past and would not shrink now.

Unveiled by the King.

ATHENS, June 15.—The king to-day unveiled a monument on a lofty delfe, on the hills north of Amphissa, in memory of Ulysses Androthous, who, at the head of a few men, held the delfe against the Turkish hordes in the war of independence.

An Overdue Vessel Safe.

LONDON, June 15.—The German steamship Pemphos from Singapore, with a number of pilgrims on board, which was reported overdue at Jeddah, and which it was feared was lost, has arrived at Aden in tow with her shaft broken.

Rumors Reduced.

DUBLIN, June 15.—The tenants on the estates of the Countess of Kingston at Mitchelstown have been granted a reduction of 20 per cent. in their rent.

Foreign Notes.

Fifteen hundred cotton operatives at Horitz, Austria, have gone on a strike. A purely private committee has been formed with the object of insuring a proper display of Russian manufactures at the Paris exhibition.

Miss Columbia (formerly Miss Scanlan, of Chicago), made a successful debut as Selika in "L'Africaine," at Covent garden, London, Wednesday evening.

Trouble in Alabama Mines.

BIRMINGHAM, Ala., June 15.—Reliable rumor prevalent here says the Tennessee Coal, Iron and Railroad company has leased its mines, at present working 750 convicts, and having about the same number of free miners on strike, to a party of Tennessee capitalists, who will settle the strike and operate mines to their full capacity. News of a riot between the colored and white people at the mining town of Warrior, north of here, is expected almost any minute. All those who are able are armed. The trouble grew out of a difficulty between the colored men and the white bosses.

Good Effects of the Second Shot.

INDIANAPOLIS, June 15.—Yesterday afternoon about 4 o'clock George Taylor, colored, shot Belle Brown, a white woman, and then killed himself. Both parties have borne bad reputations. The refusal of the woman to renew the intimate relations which formerly existed between them is supposed to have been the cause of the trouble. Mrs. Brown was taken to the hospital where it was found that while her injuries were serious, she would probably recover.

Crowds at the Queen City.

CINCINNATI, June 15.—An illustration of the crowds that are in attendance at the Knights of Pythias convention in this city is estimated that one road—the Cincinnati, Hamilton & Dayton—alone brought in 4,500 knights from Chicago and all local points on their road. Their through trains were so crowded that they ran them in sections. No attempt was made to estimate the number of common passengers, not knights, who have flocked here this week.

Rather Young to Be Engaged.

THE HAGUE, June 15.—Princess Wilhelmine, heir to the throne of the Netherlands, aged seven years, has been officially betrothed to Prince William-Ernest, duke of Saxe-Weimar-Eisenach, aged twelve. The marriage will unite the duchy of Saxe-Weimar and the kingdom of Holland.

## A K. OF P. WAR OF WORDS

INDICATIONS OF A BIG DISTURBANCE IN THE ORDER.

Some of the Correspondence on the Subject Between High Officials—General Carnahan Will Stand on His Record. The Drilling Tournament.

CINCINNATI, June 14.—There are wanting indications that a very large sized muss is brewing among the knights. Correspondence of a spicy and sufficiently self-explanatory nature has passed between Maj. Gen. Carnahan, of Indianapolis, commander-in-chief of the uniform rank, and ex-Adjt. Gen. Dowdall, of the Ohio brigades, in regard to Brig. Gen. Heinmiller, retiring commander of that brigade. In a letter dated May 23 last, answering one from Adjt. Gen. Dowdall, Gen. Carnahan said:

"I do not understand why you and Gen. Heinmiller are attempting to ignore the orders of the supreme chancellor. Gen. Heinmiller is 'not,' nor has he been in command of the brigade since the 27th day of April. It seems to me that who ever your advisers are they are acting for anything except your good name and reputation. The supreme chancellor told me on Sunday at Cincinnati that unless this was stopped he would report the entire matter to the supreme lodge. With the temper of the supreme lodge just now, in regard to the Pennsylvania trouble, I do not believe it would be to your advantage to have this matter thus reported."

In answer to this, in a letter dated May 25, Adjt. Gen. Dowdall said: "To say that I am astonished at your implied threat against my 'good name and reputation' for obeying the orders of my brigade commander but feebly expresses my feelings. I am not aware that he is disobeying any of the supreme chancellor's orders, and believe upon investigation that his acts will pass the closest scrutiny. You seem to be acquainted (or imagine you are) with the temper of the supreme lodge. I have too much confidence in that magnificent body to believe it has a temper."

"I believe, however, that it has common sense, and will wake up during the coming session to the necessity of exercising it. If it should, I have every reason to believe, that you will take a lofty tumble. Your first appointment as major general was an insult to the members of the uniform rank, and I fancy you do not want the modus operandi by which it was brought about discussed. Your conduct in office, it is needless to say, has been in keeping with the methods that secured you in position."

"What, however, can be said of your re-appointment? Had not the veil better be drawn and the facts relegated to obscurity? Should the supreme lodge confirm you it would bring additional discredit to the rank, and, I fear, in that event its doom would be sealed. What, let me ask you, have you ever done for the uniform rank, except to bring it into ridicule and disgrace?"

Gen. Carnahan on being questioned concerning the matter said:

"There is a long history leading up to this correspondence. I would, of course, much rather the newspapers would have kept quiet concerning it, as it is something for consideration only by the order. I acknowledged that I received the letter from Adjt. Gen. Dowdall, and it was a most complete surprise to me. I, of course, do not know whether the trouble will be investigated by the supreme lodge or not. The statements in Gen. Dowdall's letter, reflecting on the supreme chancellor, it seems to me, demand the attention of that body. In regard to the charges made in the epistle against me I only refer to my record as an answer."

To-day commenced the grand prize-drill tournament, which is to continue the balance of the week. The campus of the Order of Cincinnati is the scene of the competition, and there are six prizes offered to divisions outside of Cincinnati, as follows: First prize, cash, \$1,200; second prize, cash, \$800; third prize, cash, \$600; fourth prize, cash, \$400; fifth prize, cash, \$300; sixth prize, cash, \$100.

There will be no classes, as heretofore, and these prizes are open to all contestants under the same conditions. The judges for the drilling contest are the following officers of the regular army, who were especially assigned to this duty by the war department at Washington: Lieut. George K. Hunter, of Third cavalry, and in charge of the recruiting rendezvous in this city; Lieut. E. S. Benton, of the Third artillery, stationed at Newport barracks, and J. R. Silberman, of the engineer corps.

A large crowd of knights and others were early on the grounds to witness the evolutions of the crack corps of the uniform rank which are expected to stubbornly contest for supremacy in the line. The wonderful skill they evinced in the various very difficult maneuvers draw forth enthusiastic applause from the spectators.

The prize winners will not be made known by the judges until Saturday, at the close of the tournament.

A Family of Criminals.

SHOALS, Ind., June 15.—The trial of Charles Archer for the alleged murder of Anna Belle Stanfield is proceeding in court with Judge Heffner presiding. Archer is a member of the notorious Archer family, three of whom were hanged by a mob two years ago, and one by the law. He is a son of Jim Archer, now awaiting in jail to be tried next week for the murder of Jackson Ballard in 1864. The only other members of the family are serving sentences in the penitentiary. It is alleged that he shot and killed his sweetheart after first seducing her. Much excitement prevails, while the court room is crowded with people at all times. The defendant is only sixteen years of age.

Another Haymarket Riot Victim.

CHICAGO, June 15.—The Haymarket riot May 4, 1886, has claimed another victim. Police Officer Timothy Sullivan, who was one of the detail which stood the damage of the Anarchist bomb on that memorable night, died Wednesday. He received a bullet in the thigh, and the blood poisoning which intervened gradually sapped his strength until death ensued. He had been on the force six years and was married.

## SPORTING.

Result of the International Cycle Races at Berlin—Other Notes.

BERLIN, June 15.—The International cycle races Wednesday, attracted a large number of spectators. Herr Lehr, of Frankfurt, the winner of the emperor's prize and now champion of Europe, fell in the race and was not much hurt.

In the bicycle race for professionals, the American, Woodside, was second, and Temple, another American, third.

In another bicycle race for professionals, the first prize was won by Temple, the second by Aillard, of England, and the third by Woodside.

Cricket at Cambridge.

BOSTON, June 15.—At Cambridge Wednesday the University of Pennsylvania eleven, beat the Harvard Varsity cricket team by 102 runs. Pennsylvania scored 68 in the first inning and 128 in the second, Harvard 73 in the first and 16 in the second.

A Three Mile Sprint Race.

WORCESTER, Mass., June 15.—Kennedy, of Quincy, Ill., beat Plaisted, of Portland, Me., by thirty lengths, in a three mile race. Time 22 minutes 7 1/2 seconds.

Hanlan Defeats Trickett.

BRISBANE, Queensland, June 15.—A match for £500 a side between Hanlan and Trickett was rowed on the Fitzroy river Wednesday. Hanlan beat his opponent by six lengths.

Racing at Ascot.

LONDON, June 15.—The gold cup was won at Ascot by Timothy, with Tissapurus second and Tenebreus third.

Notes.

Kansas City races are not proving a bonanza for bookmakers.

Con Riley, the Middletown pugilist, is looking for a fight, and does not fear any one.

The Philadelphia papers claim the Cincinnati team are the biggest kickers on earth.

The trotter Clingstone and the celebrated Harry Wilkes are matched to trot at Cleveland July 4.

Hecker, the Louisville pitcher, was spiked so badly by Milligan at St. Louis Wednesday, that he fainted from loss of blood.

Kennedy, of Quincy, Ill., defeated Plaisted, of Portland, Me., in a three-mile sculling race on Lake Quinsigamond, Mass., Wednesday.

Tom Cox, of Pittsburg, won the twenty-seven-hour go-as-you-please pedestrian contest at Parkersburg, W. Va., with 112 miles to his credit.

WEDNESDAY'S BALL.—Cincinnati 11, Kansas City 6; St. Louis 3, Louisville 2; Athletics 6, Brooklyn 3; Washington 4, Pittsburg, 0; Detroit 8, New York 6; Philadelphia 15, Indianapolis 5.

The race horse Hypasia was killed at Latonia Wednesday. While being put upon a car he broke his leg and was killed to end his suffering. He was owned by A. G. McCampbell, and valued at \$2,500.

Passenger Rates All Tied Up.

CINCINNATI, June 15.—Passenger rates to St. Louis, Chicago, New York, Washington, Baltimore and many other points are pretty badly demoralized. The round trip fare to St. Louis, for the Saengerfest, from Cincinnati, was made \$7.20; tickets were sold, however, from Columbus, O., via Cincinnati, to St. Louis and return at \$4. From Columbus to Chicago, on the occasion of the National Republican convention, round trip tickets, to be put on sale Saturday, are to be sold at \$3, and the rate from Cincinnati will probably be even lower. Washington, Baltimore and New York tickets were being sold yesterday, as were also tickets to Chicago, by the brokers at greatly reduced rates. Besides the regular ticket brokers' offices here, many new offices have been opened during the past week. The railroads are carrying the people, but the ticket brokers are making the money.

The Postoffice Exhibit.

WASHINGTON, June 15.—The postmaster general is preparing with all necessary haste the postoffice department exhibit to be sent to the Cincinnati exhibition which opens up July 4. The exhibit will include a regularly equipped postoffice for the transaction of business, which will be made a branch of the Cincinnati city office; specimens of all the equipments used in the transaction of postal business; specimens of stamps, stamped envelopes and postal cards in use at various times; probably a model postal car, and whatever else may be necessary and available to properly illustrate the history, management and progress of the mail service.

## Emperor William Dead.

Special to EVENING BULLETIN:

CINCINNATI, June 15.—Emperor William, of Germany, died this morning at 8 o'clock, aged fifty-seven years.

AMERICAN PRESS ASSOCIATION.

FRANKFORT does not know how to provide for an Oddfellows' picnic. Too much crowd for the town.

THE Republican party is responsible for the introduction of imported contract labor. The leaders are trying to refute the charge, but the Congressional Record proves it beyond a doubt. And yet they have the audacity to pose as the friends of the American workmen.

MAYSVILLE is making an effort to have the Congressional Convention held there. One thing is certain, the convention can not be held among a more hospitable people, and as the location is most convenient, there are strong probabilities of their getting the convention.—Carlisle Mercury.

Thanks. Maysville has not had the Democratic Congressional Convention for a long while now, and it ought to be her time this year. There is not a more suitable and more convenient point in all the district.

IN speaking of the Democratic ticket, Roswell P. Flower, of New York, says: "The nomination is the strongest one that could possibly be made. Nothing can keep the Democratic party from success on the present issue. The selection of Thurman silences every man who had even the slightest grievance against the Administration and every man who was dissatisfied with the distribution of patronage. No one had more reason to feel sore than Allan G. Thurman. Cleveland brings into the campaign his magnificent record and an increased vote in the State of New York. Thurman brings with him the united body of Democracy. The Pacific Coast has every reason to feel grateful to him for his vote on the Chinese bill, and will be solid for the ticket. No man can be nominated on the Republican ticket who will win if the fight is made on the present issue—tariff reform and reduction against high protective tariff."

## Stock, Field and Farm.

The official figures of the tobacco of Kentucky for 1887, as reported to the Auditor of Public Accounts in the Assessors' report of 1888, show a decrease over the crop of 1886 of 136,890,786 pounds.

Thomas Best, of Helena, bought 15,000 pounds of tobacco of John Hays, Fleming County, at 15 cents a few days ago.

L. Howe sent his stallion, Mambrino Ledger, to Maysville this week, to be driven by Mr. Doak, at Fitzgerald's track.—Fleming True Blue.

The crop of bluegrass seed promises to be only an average one. The grass is not tall, but the seed will be heavy.—Bourbon News.

Seven hundred sheep, from Johnson County, were offered for sale at Flemingsburg last court day.

The Owen News reports a great scarcity of tobacco plants in that section, and says that as much as three hundred dollars has been offered and refused for a single tobacco bed.

Missouri has 702,104 horses, 222,463 mules, 737,259 milch cows, 1,429,453 other cattle, 1,087,690 sheep, and 3,637,799 hogs. As a State she ranks third in horses, first in mules, seventh in cows, fifth in other cattle, eleventh in sheep and second in hogs.—Exchange.

The hay crop in portions of Central Kentucky is not very promising. Farmers can provide plenty of stock feed, however, by sowing millet.

W. A. Cole, of Thompson, Clark County, Ky., writes: "The crops are looking fine in this county, though we are needing rain. Colonel H. P. Thompson, the largest tobacco buyer in Kentucky, who purchased over 3,000,000 pounds of the weed last year, is fixing to have 180 acres cultivated on his farm at this place this year."

## Red Lips.

[Sib in Philadelphia Times.]

Red lips are the announcement of good health, and good health is the fashion; women who have very determined wills frequently get into the bad habit of drawing their lips together in a way they think expresses determination; the lips are very pliable and naturally assume the position which is oftenest given to them, so she who feels on pleasant terms with the world at large, who makes it a point only to say pleasant things, will have about her mouth that something that the French call riant—the look that tells of a laugh without the sound, and a smile that is not a smirk. With all his gallantry it took a Frenchman to say this: "To be beautiful a woman must not say much or she will contract her mouth in an unbecoming manner."

# KNIGHTS OF PYTHIAS.

Complimentary Notices of the Maysville crowd from the Queen City Papers.

The big parade and review of the Knights of Pythias at Cincinnati last Wednesday was witnessed by over 100,000 people. The procession was more than four miles in length. As usual the Maysville crowd has been heard from in very complimentary terms. Maysville Division No. 6, in command of Captain James K. Lloyd, had thirty men in line, and was accompanied by Hauke's Reed and Brass Band. The following notes are taken from the Daily Enquirer:

The Second Kentucky Regiment (commanded by Colonel Heflin), was the best represented, numerically, in the parade.

Hauke's Reed and Brass Band, of Maysville, received an ovation when they passed the grand stand, playing "Dixie."

J. Wes. Lee, Lieutenant of Maysville Division No. 6, was the handsomest man in the Second Regiment.

Sir Knight Robert Cartmell, Herald of Maysville No. 6, was one of the most military-looking men in the procession.

Maysville Division, commanded by Captain James K. Lloyd, presented a superb appearance. The Captain is a "Daisy."

The Commercial-Gazette in referring to the parade says: "The First Kentucky Regiment headed the Kentucky brigade, with Colonel John Durrell in command, who had as staff officers Lieutenant Colonel D. F. Logan, Major H. A. J. Grif, Adjutant Thomas P. Saftewhite, Jr., Quartermaster J. W. Robinson, J. W. Pryor, Captain E. Atkinson.

"In the brigade there were eight divisions, consisting of two hundred and fifty men.

Hauke's Brass and Reed Band, of Maysville consisting of sixteen pieces, headed the first division composed of the following Uniformed Rank Knights,

"Guiding Star Division, No. 2, of Dayton, Ky., consisting of 32 men; Cynthia Division, No. 15, with 35 men; Lexington Division, No. 1, of Lexington, Ky., 23 men; Henry Clay Division, No. 10, of Ashland Ky., 22 men; Covington Division, No. 4, of Covington, Ky., 28 men; Maysville Division, No. 6, 30 men; Charter Oak Division, No. 9, of Ludlow, Ky., 21 men; Fewlas Division, No. 3, of Newport, Ky., 35 men.

"The Second Regiment consisting of Divisions from Southern States was in command of Colonel James Heflin, who had as staff officers Lieutenant Colonel John Woodall, Major Ficklin, Captain A. E. Colgrove and Adjutant Emil Disc."

Messrs. George and Jamie Barbour returned last evening from Richmond, Ky., where they attended college the past session.

## SARDIS.

Thursday, Friday and Saturday evenings of last week were devoted to literary and school exercises. Hon. O. S. Deming, of Mt. Olive, gave us a splendid lecture. Subject, "Think." He had a large and appreciative audience. Friday and Saturday evenings, Professor Chandler was out in full force with his entire school, Miss Dye with her music class and Miss Grisby with her pupils. They appeared in dialogue, recitation and comedy, and acted their parts well. The music by Miss Dye's pupils showed good progress. The evenings, barring the crowded state of the house, were most enjoyable. The heavy music was made by Ray's Cornet Band. Professor Chandler don't belong to the Jehod-Grane-Theophilus-Dry-as-dust school of teachers, but to the Sam Jones "Get There" tribe! You bet!

Another entertainment for Sardis. Miss Houghwont, of Tennessee, a teacher in Dr. Ward's Seminary, will give a literary recital at the Christian Church Monday evening, June 18. Miss Houghwont is an accomplished elocutionist and the Sardis people may look forward to a treat of good things. This young lady now enjoying her vacation will go next year as teacher with Miss Baldwin, Staunton, Va.

## MINERVA.

Miss Mattie Bateman has returned from a pleasant sojourn among friends and relatives in Millwood and Lewisburg.

The late tobacco season was greeted by all the farmers, and they took advantage of it. J. P. Mannen is still at his old stand with an elegant line of dry goods and groceries.

J. S. Stewart, of Williamsport, Pa., is visiting the family of J. H. Watson. Mr. Stewart is much pleased with our bustling little town and takes pleasure in visiting here.

Mrs. J. W. Osborn, the teacher of the young men's class at the Christian Church.

There were services at the Catholic Church last Sunday.

Misses Anna and Bettie Donovan attended the conference at Germantown Wednesday.

The quarterly meeting lasted from Saturday morning until Monday night. The meeting was conducted by Rev. G. W. Young, who filled the place of the Presiding Elder who, on account of his ill health, was not able to conduct the services. There were three additions to the church Sunday night.

Our town is in a state of business activity this week and all are engaged in the trading business. We have a good trade and everything is progressing rapidly. The firm of Boyd & Byar has done much to boom our town, and has already built up a flourishing trade, while J. B. Hawes has brought on a large supply of new goods and says he will not be undersold by anybody.

The Sons of Temperance have moved from Masonic Hall to one of the rooms of the school building, and it has undergone a thorough cleaning. An ice cream supper will probably be given in the near future, the proceeds of which will be used for purchasing a new carpet for the floor of their room.

## WASHINGTON.

Your correspondent made a visit this week to "Crab Orchard Farm," the beautiful home of B. D. Owens. He is sure to say that there is no better, and few as well kept places in the country, as that of Mr. Owens. The beauty of this farm has not been sacrificed to make room for tobacco, as is the case with many of the places in the neighborhood, but a magnificent park of giant forest trees makes the approach to the house a beautiful drive. Everything about the farm shows evidence of thrift and attention, even to the destroying of noxious weeds. We saw as fine prospects for wheat as one could wish, there being some 150 acres, most of which was turning to the golden hue which betokens readiness for the sickle. All kinds of fruit showed a good prospect, the crab trees especially being loaded with young fruit. For cherries the farm sustains its reputation in the fullest, the trees being all full of the most excellent and healthful fruit. There was a splendid season for setting out tobacco, and all hands were busy transplanting the weed, of which they plant as high as sixty acres. Take it all and all, we have never seen a more desirable place than "Crab Orchard," and we consider Mr. Owens without a superior as an intelligent and practical farmer. We know that there is not a more hospitable home in all the land than that of B. D. Owens.

Thos. McIntyre, a well known citizen who lived on the Maysville pike three miles from this place, died suddenly early Monday morning. He had been long and severely afflicted with lung trouble for some years. He was a good christian all his life having belonged to the M. E. Church at this place. He was out Sunday morning in apparently fair health and his death was a surprise to his friends and neighbors. He was a bachelor about 40 years of age. Funeral services at the residence by Rev. ## GERMANTOWN.

Died, on Wednesday morning at 7 o'clock, of old age, Samuel Thompson, in his eightieth year. Appropriate funeral services conducted by Elder Bullock on Thursday, he was laid to rest in the cemetery at this place. He was born and lived his four score years in this county, a life without reproach. He died beloved by all.

The district conference has come and gone. Our people in need enjoyed the discussions very much, and would have been delighted to entertain the people, ministers and delegates a longer time. Such a pleasant social reunion of friends and acquaintances from every part of the large district was truly enjoyable. Among the many interesting incidents was the baptism by affusion of the child of Rev. E. Curran Savage, by its uncle Rev. J. Reeder Savage, followed by prayer by another uncle, Rev. Frank Savage, and although the ceremony was performed in a very solemn and dignified manner, yet it was said by some to be a savage affair.

Miss Daisy Savage, of Fern Leaf, has been visiting Miss Daisy Pollock, and they have had, no doubt, a daisy time.

# Public Sale.

The undersigned, as executors of Henry Bramel, deceased, will offer at public sale on

TUESDAY, July 10,

1888, that fine tract of land containing

228½ ACRES

situated one mile south of Washington, Mason County, Ky., on the Maysville and Lexington Turnpike. The Farm will be offered as a whole and also in two tracts, one containing 113½ acres and the other 115 acres, and will be sold in these separate tracts if it should bring more than they way.

The improvements consist of a Dwelling House of ten rooms, one Tenant House, two good Tobacco Barns sufficient to house fifteen acres, and good Bank Barn and Stable and other outbuildings. Fencing is good and the land is in a fine state of cultivation, and has never-failing springs and running water; has good Orchard, and is in as good neighborhood as can be found anywhere. Convenient to schools and churches.

TERMS—Bonds for the purchase money bearing 6 per cent. interest from March 1st, 1889, required on day of sale, ¼ payable Mar. 1, 1889, one-third March 1, 1890 and one-third March 1, 1891. Good security required. Lien will also be retained on land for the unpaid purchase money. Deed executed March 1, 1889, when full possession will be given. Possession for seeding given next fall. # HAYSWOOD SEMINARY.

The Second Annual Commencement of This Popular Institution.

A Brilliant Scene at the First Presbyterian Church—Four Fair Graduates.

The second annual commencement of Hayswood Seminary was held at the First Presbyterian Church last evening.

The scene throughout was a charming one—a brilliantly lighted room, a large and elegant audience, four fair graduates attired in lovely costumes, and fragrant flowers in profusion.

Delightful music added greatly to the pleasure and enjoyment of the occasion. Surrounded by relatives and friends, and amid the most pleasant influences, the young ladies finished the course of study at Hayswood and were awarded their diplomas.

The spacious edifice had been tastefully arranged for the occasion. A raised platform fringed with lovely flowers and plants took the place immediately in front of the pulpit, while the pulpit itself was hidden by a neat arrangement of plants and shrubbery. The large room was brilliantly lighted and was early crowded to the doors by the citizens of Maysville and vicinity. The brilliant assemblage was a compliment to the school and the fair young graduates, and manifested a highly commendable interest in such affairs on the part of the people of this city.

Shortly after 8 o'clock the pupils entered the room, followed by the popular Principal of the school, Dr. Hays, who was accompanied by Rev. W. C. Condit, of Ashland, and who was followed by the rest of the Faculty. The Principal and graduates took seats arranged for them on the stage, the rest of the teachers and pupils occupying the pews in front, which had been reserved.

The exercises were opened with prayer by Rev. W. C. Condit. The following is the programme in full:

March—Organ.....Scotson Clark  
Prayer.  
Chorus—"Come Unto Him,".....Gounod  
Essay—"Theories versus Facts,".....Miss Cornelia Downing  
Piano—"Finale from Sonata in F major,".....Mozart  
Miss Lida Berry  
Essay—"Natural Beauty,".....Miss Keith Green  
Vocal Quartette—"My Faith Looks Up to Thee,".....Art. from Lachner by Bassford  
Mrs. Robert Cummings, Mrs. W. S. Priest, Mr. Frank Ellis, Dr. P. G. Snoot.  
Essay—"Nature's Hallelujah,".....Miss Jennie Mayhugh  
Piano—"Polacca Brillante,".....Bohm  
Miss Sue A. Hays.  
Essay—"A Consolatory Essay,".....Miss Lucy Watson  
Piano Duo—{a. Andante.  
{b. Allegro vivace, from Sonata in D major.....Mozart  
Miss Lida Berry and Miss Wilkins.  
Valedictory by the Class.  
Vocal Solo—"The Swabian Maiden,".....Proch  
Mrs. Robert Cummings.  
Delivery of Diplomas.  
Chorus—"O Hush Thee, My Babe,".....Sullivan  
Benediction.

The benediction was pronounced by Rev. W. S. Priest, pastor of Christian Church. The exercises closed shortly after 10 o'clock, the large audience having paid the closest attention throughout.

Mr. Frank Ellis and Mrs. W. S. Priest were detained by illness, and Dr. Strode very kindly took Mr. Ellis' part in the vocal quartette, while Miss Wilkins, teacher in the music department, took Mrs. Priest's part.

The essays read by the graduates were highly creditable indeed, and were evidence of close application on the part of the pupils and the careful training and instruction they had received during the course of study. The young ladies were at ease and read in a clear, distinct voice. Each was greeted with applause and was richly rewarded by numerous floral offerings from friends and relatives. Many of the floral offerings were of unique design and arrangement, and were unusually elegant and beautiful. The bouquets were so numerous they had to be removed from the stage before the exercises were ended.

Each of the graduates took part in the valedictory, Miss Downing addressing herself to the citizens and the pupils of the school, Miss Watson to the teachers, Miss Mayhugh to the Principal and Miss Green to her class-mates. The words of farewell were pathetic and eloquent.

The diplomas were then awarded by Dr. Hays, the Principal, in a short, practical address. Dr. Hays then announced that the next session of the school would open in September. He also announced that a class had been organized for the study of literature and science during the vacation, and he placed his fine cabinet of minerals and stones collected in the West at their disposal. It was his intention to add to it the coming summer a collection of specimens of Kentucky's mineral wealth.

No prizes were awarded, the Principal discountenancing such a custom. The aim was to secure a high grade of excellence on the part of the pupils by close application, diligent study, regular attend-

ance and good deportment. A roll of honor had therefore been established, and this roll required a general average of 95 on the part of the pupils, in attendance, deportment and study. In addition to the graduates, the following pupils were reported on this roll of honor:

COLLEGIATE DEPARTMENT.  
Essie Hutchins, Lettie Wood,  
Louise Condit, Estelle Sparks,  
Anna Shackelford, Nettie Robinson,  
Sallie Wood, Belle Barkley.  
PRIMARY DEPARTMENT.  
Ellen Shackelford, Percie Broese,  
Mary H. January, Baldwin Cartmell,  
Katie Ross, Maxie Owens.

The Faculty desire to return their grateful acknowledgements to the gentlemen who acted as ushers, and to those friends who contributed to the musical part of the programme.

A. F. RESSESS has gone to Frankfort to accept a clerkship in the office of Auditor Fayette Hewitt.

The commencement of the Academy of the Visitation will be held Wednesday, June 27th, at 9 a. m. Parents and guardians only will be admitted.

MISS ANNA MORGAN has returned from Georgetown, Ky., where she has had charge of the music department of one of the colleges the past session.

A. O. WHITE and others, of Sardis, have sold and conveyed forty and one-half acres of land near that place to Wm. E. McKinzie and D. R. Morgan, of Bath County, for \$1,134.

GABRIEL SMITH, an old and respected colored man, died yesterday at the age of eighty-two years. Funeral this afternoon at 2 o'clock at the Bethel Baptist Church. Services by Rev. E. W. Green.

SAYS the Ripley Bee: "Mrs. John C. Lovel, of Maysville, with her pretty little daughter, Irma, and an attractive young lady friend from Portsmouth, Miss Mary Macklem, visited her sister, Mrs. W. H. Armstrong briefly last week."

The regular weekly prayer-meeting at the Christian Church will be held this (Friday) evening at 8 o'clock. No meeting was held last night on account of the Commencement exercises of Haywood at the First Presbyterian Church.

MR. BUCHANAN, of the firm of Buchanan & Lyle, the New York tobacco manufacturers, was in town yesterday taking a look at the large purchase of the weed being prized for them by H. C. Loudon, at Cooper & Baldwin's warehouse.

"SOUTH RIPLEY" is the name decided on for the Maysville and Big Sandy Railroad station opposite Ripley. The Ripley Bee is happy over the decision and says: "Just think how mortifying it would be to have to tell our traveling friends to get off at Red Dog, Monotony, Watertank or Scriggsville, the station for Ripley."

CARDS have been received in this city announcing the approaching marriage of Miss Lida Cooper and Mr. John H. McIlvaine, of Fleming County. The wedding will take place Wednesday morning, June 27th, at the M. E. Church, South, Flemingsburg. Miss Cooper is well known here, having formerly resided in this city.

NEAL M. LEACH, son of Mr. and Mrs. O. S. Leach, distinguished himself at the commencement exercises of the State University of Lexington this week. The Daily Press says: "Although Mr. Leach has had very little experience in the far-reaching and undulating line of oratory, it could not have been told from his oration, the subject of which was "Footsteps." From it the tenor of his remarks can easily be imagined, and it is due him to say that his style was polished, his diction choice, his gestures graceful, and his thoughts chaste and instructive."

The Transcript says: "Great expectations filled the breasts of the anxious throng, and when Mr. N. M. Leach, of Maysville, took the stand, perfect silence reigned supreme. He was first on the program, and discoursed on "Footsteps," showing the importance of making the proper step at the proper time.

"His oration was good and his well modulated tones enraptured his pleased audience."

COUNTY COURT DOINGS.  
H. M. Pyles qualified as trustee of P. W. Suit, executing bond with John Pyles surety. J. H. Grigsby, R. M. Marshall and James W. Leachman were appointed appraisers.

Thomas J. Pickett, L. H. Mannen and F. A. Savage, committee, reported a fractional mile of the Kenton Station pike—149 rods—completed, according to required specifications, and an order was given on the County Treasurer for the balance of subscription due.

PERSONAL.  
Howell Barkley has returned to New York.  
Charles McMath, representing Minor & Dixon wholesale grocers, is in town.  
John A. Parrish one of the "Big Three" arrived last evening just from Louisiana and Arkansas. He is always welcomed by his friends here.

SPECIAL CUT-PRICE SALE, FOR CASH, OF

# Boots and Shoes.

Owing to the extremely backward season, I find that my Summer stock of Boots and Shoes is much larger than we care to have it, and have determined to reduce it, and to accomplish this end we will offer special inducements to cash buyers for the next sixty days. The stock consists of the very best brands of seasonable goods, in Ladies', Misses' and Children's fine, medium and low-priced goods, and the best and cheapest line of Men's and Boys' wear ever offered to the trade. This is no catch-penny business, but a genuine cut-price sale. The price on every pair of Shoes in the stock will be reduced. Don't fail to embrace this rare opportunity to buy good, honest Boots and Shoes at less money than they were ever offered in the history of the Maysville Shoe trade. Respectfully,

## THE FIRST REAL WORK

OF THE REPUBLICAN NATIONAL CONVENTION TRANSACTIONS.

**Sherman's Headquarters Open and His Friends at Work—A Long Deadlock Predicted, and Possibly a Dark Horse. Several Interviews—Political Points.**

CHICAGO, June 15.—The first real work of the convention was done Wednesday evening when it was definitely announced at the different headquarters rooms that Warner Miller was to be made temporary chairman of the convention—there had up to Wednesday been a great deal of doubt about this—and also that Chauncey I. Filley, of Missouri, would probably be made permanent chairman. Mr. Filley is to be backed for the permanent chairmanship by the Sherman men, the Alger men and such unattached quantities as Powell Clayton, Church Howe and others.

The Missouri delegation, thirty-two strong, is coming to Chicago without a candidate and this fact will doubtless tend to increase Mr. Filley's strength for the chairmanship with the different managers.

Henry Spiesell, of Pittsburg, in discussing the question of the chairmanship said: "The matter was full discussed yesterday and I have heard Mr. Filley's name most favorably mentioned. He is known in New York, Indiana and Ohio almost as well as in Missouri and I really believe he will be honored with the place. It ought to be given to some southern Republican anyhow, and Powell Clayton or Filley will be the man. Of course it will be more apparent what will be done on Monday than it is now, but Filley would suit a good many of the Pennsylvanians."

The Sherman headquarters were opened at the Grand Pacific hotel upon the arrival of Murat Halstead. Mark Hanna, of Cleveland, claims to be manager of the Sherman boom here and has had a special wire put in his room, but in the presence of Murat Halstead all other principalities and powers of the Sherman contingent hide their diminished heads. Conger, of Ohio, who is claimed as another manager for Sherman, is also here. Halstead is lodged diagonally across the hall from Billy Capper at the Grand Pacific, but it need not be inferred necessarily that it is because they are both collaborating on the same boom. It may be a coincidence.

All the other generals of the Sherman forces are expected to arrive in a day or two. Meanwhile there is a large undecided vote to be won by the candidate who can offer the greatest inducements. Active campaigning is already in progress.

A very shrewd and experienced National politician says there will probably be more ballots taken at this convention than at any previous National political convention in the history of the nation, and that it is safe to bet that the nomination will be won by a dark horse with an honorable military record, always provided the convention is not stampeded to Blaine, which is not probable.

The Gresham movement, though very promising and popular, especially in Chicago, lacks both management and funds. The Sherman movement, on the other hand, has the management and funds necessary for success. That Sherman will lead on the first ballot is conceded by all. He will have not less than 270 votes on that ballot.

The conventions are filling up fast, and most of the convention managers, and a hundred or two delegates are now here. The Alger, Gresham and Harrison headquarters are open and business is brisk.

**Interviewed.**

PITTSBURG, June 15.—There was quite a crowd of notable Republicans here as they passed through en route to Chicago. Among the number were Senator Spooner, of Wisconsin; Senator Stockbridge, of Michigan, and Congressman McKinley and Butterworth, of Ohio.

While taking breakfast the gentlemen were all disposed to talk quite freely.

Senator Spooner said: "The indications point to the selection of one candidate from New York and the other from Indiana. It is necessary that one of the candidates belong to Indiana, and it is unfortunate that two residents from that state should be in the field."

Senator Stockbridge said the Michigan delegation was not only going to present Gen. Alger's name, but would nominate him. The delegation was solid.

Hon. Benjamin Butterworth said the convention would be the greatest ever held by either of the parties. "Upon it," said, "he depends the future more than ever of the Republican party. It means that the future will either be one of grand success or the going to pieces of the party. If a destructive element tries to nominate a man whom wiser heads know might be defeated, then we might as well divide the assets and build up the party anew."

"But I do not expect such a result. I believe a wise course will be pursued and a strong man nominated. The talk of more Blaine letters is nonsense. Blaine's honor lies between himself and acceptance of the nomination after the two letters he has written. I would regard it as an indiscretion in his friends to crowd his name into the convention after those two letters."

Maj. McKinley said, Sherman was sure of 300 votes on the first ballot, and he had every reason to believe he would be nominated. Blaine, he said, was out of the race. The platform would be squarely for protection.

**Prohibitionists Organize.**

ALBANY, N. Y., June 15.—Prohibitionists of this county organized quite strongly Wednesday night at Colman's junction and agreed to support the National ticket. The Republican party was scored for not keeping their pledges and George B. Russell, a cousin of the present Republican senator from this district, was named for congress.

**Children Quarrel With Serious Results.**

LOGANSFORD, Ind., June 15.—While the thirteen-year-old daughter of Dr. Parish and the ten-year-old daughter of a Mr. Chambers, of Clynus, this county, were gathering greens an altercation ensued, and in the melee that followed the Chambers girl dealt the Parish girl a stunning blow at the base of the brain with a small club, inflicting such injuries that her life is despaired of.

**Fifteen People Injured at a Circus.**

ODELL, Ill., June 15.—Shelby's circus and menagerie was wrecked by a wind storm here during the afternoon performance. The tent was blown down and fifteen persons injured, the most serious being Arthur Deyo, who was thrown from a horse and

## FOREST FIRES IN NOVA SCOTIA.

An Entire Village Destroyed and Miles of Country Burned Over—Other Fires.

HALIFAX, N. S., June 15.—Forest fires destroyed the gold mining valley of East Powder, Hants county, Wednesday. Twenty dwellings and stores, together with the mill crusher and hoisting gear, were destroyed. Forest fires have done enormous damage in Newfoundland, and the beautiful Gould valley has been stripped of its splendid lumber and left a charred wilderness.

At Hall bay a southwest gale drove the flames with tremendous fury. Mothers, with babes pressed to their bosoms, and half naked children clinging to their clothes, fought their way through blinding smoke and scorching heat.

A lad named Carpenter wrapped his coat around his injured and half-suffocated mother and carried her on his back, and a little brother under his arm, to a place of safety and shelter one mile distant. The mother's head was badly burned.

A Mrs. Manning and two children were burned to death. The husband and father lost five children by diphtheria last fall, now his entire family is annihilated.

John Driscoll saved part of his furniture but was burned to death in his efforts to save an old trunk. The fire has left two hundred people homeless and destitute.

**In Chicago.**

CHICAGO, June 15.—Fire at 2:45 o'clock this morning destroyed the drying-kiln and planing-mill of J. G. Lobstein, at 473 West Twenty-first street, causing a loss of \$60,000; covered by insurance. W. Henlon, a pipe-man of Truck 31, and a truckman, name unknown, were overcome by the heat, and are said to be in a critical condition. The exact cause of the fire is unknown, though it is thought it was due to the overheating of the drying-kiln, where the fire originated.

**At Indianapolis.**

INDIANAPOLIS, June 15.—A fire Wednesday night destroyed the works of the Indianapolis Veneer company, the fancy cabinet ware factory of D. E. Stone & Company, and the lumber yard of M. J. Osgood. The aggregate loss will be about \$100,000; insurance \$53,000.

**In Eau Claire, Wisconsin.**

EAU CLAIRE, Wis., June 15.—The shingle-mill and boarding-house, in this city, belonging to the Mississippi River Logging company, together with several other buildings adjacent, burned yesterday. Loss \$35,000, with \$7,000 insurance.

**"Love at First Sight."**

WASHINGTON, C. H., June 15.—A remarkable case of "love at first sight" and marrying in haste occurred here Wednesday. J. S. Sanderson, a wealthy old farmer, seventy-five years of age, living at Allentown, came to this city, where, at 1:30 p. m., he met Mrs. Nancy McFarland, of Jeffersonville. Although they had never met each other before, they had, no doubt, been carrying on a courtship, for they appeared at the court-house at 2:30 p. m., just one hour after their first meeting, and Mr. Sanderson made application for a marriage license. The license was granted, and Mr. Sanderson and Mrs. McFarland were soon declared man and wife by Rev. T. B. Cheney.

**Killed by a Circus Usher.**

SPRINGFIELD, Mass., June 15.—Henry Borthwick, of Ludlow, Center, an old man, was struck and killed Wednesday by Harry Taylor, an usher in Forepaugh's circus, while trying to force himself into the reserved seat space. Borthwick was drunk and noisy, and had been annoying Taylor some time before the fatal blow was struck. Taylor disappeared before it was known that Borthwick was dead. He is said to have swam the Connecticut and fled on the other side.

**Didn't Want Her to Be His Sister.**

URBANA, O., June 15.—Benjamin Bates, a young man twenty-three years of age, and residing with his widowed mother on a farm near this city, committed suicide Wednesday by shooting himself through the head. The cause is attributed to unrequited love, his brother having supplanted him in the affections of a young lady.

**The Weather.**

WASHINGTON, June 15.—Indications—Light to fresh southerly winds, brisk on the lakes; local rains. The indications are favorable for severe local storms.

**FINANCE AND COMMERCE.**

Quotations for the Money, Stock, Produce and Cattle Market for June 14.

New York.—Money 1/4 per cent. Exchange steady. Governments steady.

Currency rates, 119 bid; four coupons, 127 1/4 bid; four-and-a-half, 107 bid.

The stock market opened 1/4 per cent. lower, but after the first few sales a buying movement in the leading shares caused a firmer tone and a steady advance up to midday, at which hour prices were up 1/4 per cent. The market has since been dull and featureless.
